ADJECTIVES (IDENTIFY ADJECTIVES)

An adjective describes / modifies a noun or pronoun. Usually it comes before a noun it qualifies or points out. Adjectives are used to make sentences more interesting, vivid and colorful. They add something to the meaning of nouns / pronouns. Speaking, reading and writing of English will remain dull without adjectives. Usually they are answers to questions like: What kind? How many? Which one? etc..... **Examples:** Clever fox, Some rice, Blue book.

Read the following sentences. There are more than one adjective in every sentence. Identify the adjectives and draw a line under every adjective.

Example:

Mom cleaned the messy kitchen and made it neat.

1) Little panthers look pretty but they are dangerous.

2) His courageous feats on motor bike made us delight full.

3) Our striped dog has sharp teeth.

4) The little child wants a tiny and floppy hat.
