## ADDITION OR SUBTRACTION

Solve each problem using two different strategies.

Example:

1)  $299 + 156 = \underline{455}$

1st strategy:

$299 + 156$  is the same as  $300 + 155$ .

(1 is added and 1 is subtracted in the given numbers)

H	T	O
3	0	0
1	5	5
4	5	5

2nd strategy:

$299 + 156 = \underline{455}$

Number	H	T	O
299	• •	••••••••	••••••••
156	•	•••••	•••••
$299 + 156$	4	5	5
