

NAME _____ DATE _____

ADDITION OR SUBTRACTION

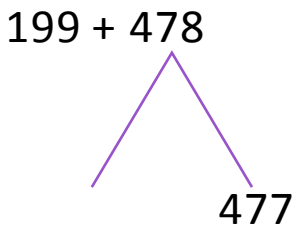

Solve the multiple problems.

1) Circle one strategy to solve the problem $199 + 478$.

$$199 + 478$$

arrow way / number bond

Solve using the strategy you circled.

$$200 + \underline{\quad} = \underline{\quad}.$$

2) Circle one strategy to solve the problem $198 + 576$.

$$198 + 576$$

arrow way / number bond

Solve using the strategy you circled.

$198 \xrightarrow{+100} \underline{\quad} \xrightarrow{+100} \underline{\quad} \xrightarrow{+100} \underline{\quad} \xrightarrow{+100} \underline{\quad} \xrightarrow{+100} \underline{\quad} \xrightarrow{+10} \underline{\quad}$
 $\xrightarrow{+10} \underline{\quad} \xrightarrow{+10} \underline{\quad} \xrightarrow{+10} \underline{\quad} \xrightarrow{+10} \underline{\quad} \xrightarrow{+10} \underline{\quad} \xrightarrow{+10} \underline{\quad}$
 $\xrightarrow{+10} \underline{\quad} \xrightarrow{-4} \underline{\quad}$
