MAKE A TEN TO ADD WITH IN 20

Problem solving questions in addition.

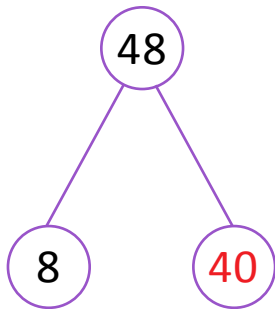

1. Andy has \$ 48. He spent \$ 5 on a book and gave \$ 3 to his brother. How much money did he have left.

Andy has 48 dollars.

Spent on a book 5 dollars.

Gave to his brother 3 dollars.

Money left with him ?.

$$\text{Money spent} = 5 + 3 = 8$$

$$\text{Money left with him} = 48 - 8 = \underline{40}$$

$$\text{Money left with him} = \underline{40}$$

$$48 - 8$$

$$= \underline{40}$$
