

NAME _____ DATE _____

DOLLARS INTO TENS AND HUNDREDS

Show different possibilities of keeping the given dollars in tens and hundred bills.

Example:

Robinson has \$ 1000. He bought a chair for \$300. Remaining money he got back from the store keeper in tens and hundred dollar bills. How much did he get back? What are the possibilities that he get the remaining money in terms of tens and hundred dollar bills? Use pictures, words or numbers to explain your answer.

$$\underline{10} \text{ tens} = \underline{1} \text{ hundred.}$$

$$\underline{10} \text{ hundreds} = 1000.$$

Total money Robinson has = \$ 1000.

Cost of the chair he bought = \$ 300.

Remaining amount = 700.

Hundreds	7	6	5	4	3	2	1	0
Tens	0	10	20	30	40	50	60	70

There are 6 possibilities to return the remaining money.
