PROBLEM SOLVING

Solve the following problems using ones, tens and hundreds.

- 1) The expenditure for conducting science exhibition at high school level is 400 tens dollars. The money was kept under staff members 100 dollars each. How many staff members are there in the school?

10 tens = __ hundred

By taking 100 dollars as $\textcircled{100}$
 $\textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} = \underline{\hspace{2cm}} \text{ tens.}$
 $\textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} = \underline{\hspace{2cm}} \text{ tens.}$
 $\textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} = \underline{\hspace{2cm}} \text{ tens.}$
 $\textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} = \underline{\hspace{2cm}} \text{ tens.}$

_____ hundreds are equal to 400 tens.

Staff members in the school _____

- 2) For conducting a cricket match at a stadium 800 tens chairs are fixed for the spectators to enjoy the game. Each row has 100 tens chairs. How many rows are there?

Papers required for examination = _____ tens.

Staff members in the school _____

10 tens = __ hundred

By taking a hundred packet as $\textcircled{100}$
 $\textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} = \underline{\hspace{2cm}} \text{ tens.}$
 $\textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} = \underline{\hspace{2cm}} \text{ tens.}$
 $\textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} = \underline{\hspace{2cm}} \text{ tens.}$
 $\textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} = \underline{\hspace{2cm}} \text{ tens.}$
 $\textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} \textcircled{100} = \underline{\hspace{2cm}} \text{ tens.}$

_____ hundreds equal to 500 tens.

Number of examination centres _____
