COUNT EDGES, CORNERS AND FACES

Understanding the mathematical terminology and concepts in 3D shapes.

1) How many edges does this figure have?

|	10		11		12

---

2) How many edges does this figure have?

	3		2		4

3) How many faces does this figure have?
	8		6		10

---

4) How many vertices does this figure have?

	5		4		1
