SUBTRACTION WORD PROBLEMS

Read the word problem. Draw and label. Write a number sentence and a statement that matches the story. Draw a box around the solution in the number sentence.

1) Rick has 14 raisins. He gave 8 raisins to his friends. How many raisins are left?

2) Milo took 9 chairs from the room. If there are 18 chairs in the room, how many chairs are remaining in the room?

3) Roger has 13 charts. He painted on 5 charts. How many charts are remaining?
