FINDING VALUES ON METER STRIPS

Each unit length on both number lines is 10 centimeters.

(Note: Number lines not drawn to scale).

1) Each unit length on both number lines is 5 yards.

a) Show 25 yards less than 90 yards on the following number line.

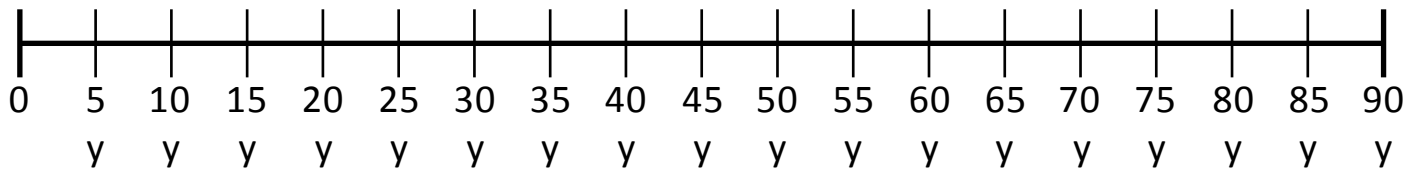

Solution:

25 yards less than 90 yards.

Tape diagram:

90 - 25	90	- 10		- 10		- 5	

Each unit is the length of 5 yards.

b) Show 35 yards less than 100 yards on the number line.

Solution:

35 yards less than 100 yards.

Tape diagram:

100 - 35

100	- 10		- 10		- 10		- 5	

Each unit is the length of 5 yards.
