## ADDITION OR SUBTRACTION

Solve each problem using two different strategies.

1)  $547 + \underline{\quad} = 841$

1st strategy:

$841 - 547 = \underline{\quad}$ .

$841 - 547$  is the same as  $799 - 505$

H	T	O
7	9	9
5	0	5

Note: Subtract 42 from both numbers.

2nd strategy:

$547 + \underline{\quad} = 841$

$$547 \xrightarrow{+100} \underline{\quad} \xrightarrow{+100} \underline{\quad} \xrightarrow{+100} \underline{\quad} \xrightarrow{-6} \underline{\quad}$$

$= 100 + 100 + 100 - 6$

$= \underline{\quad} - 6 = \underline{\quad}$
