## ADDITION OR SUBTRACTION

Choose and explain solution strategies and record with a written addition method.

**Example:**

Trace solved the problem  $299 + 399$  different ways.

4th method:

H (2, 3)	T (9, 9)	O (9, 9)
6	9	8

Explain which strategy is most efficient for trace to use and why?

Answer:

The fourth strategy is most efficient for trace to use because.

- 1) Simple drawing.
- 2) Easily to understand.
- 3) Concrete learning.
- 4) Need not take much strain.
- 5) No difficult in thinking.
- 6) It saves time in doing.
