

NAME _____

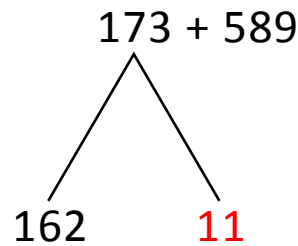

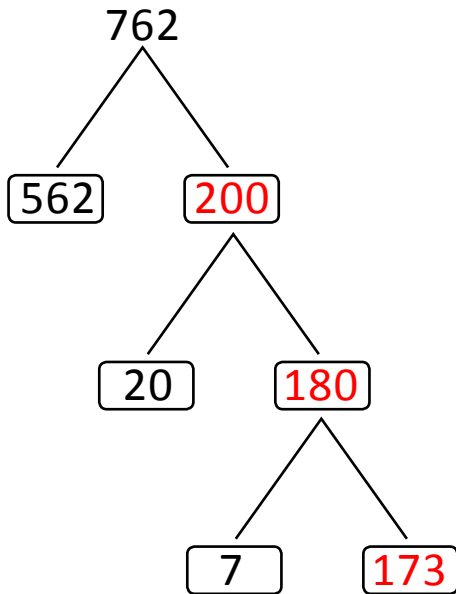

DATE _____

ADDITION OR SUBTRACTION

Complete all of the if... then statement. Draw a number bond to represent the related facts.

Example:

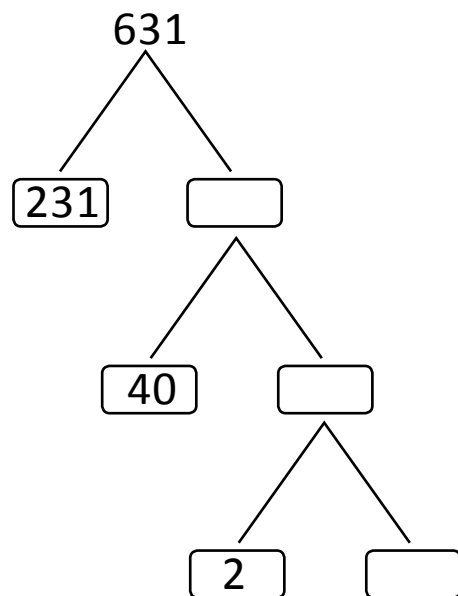

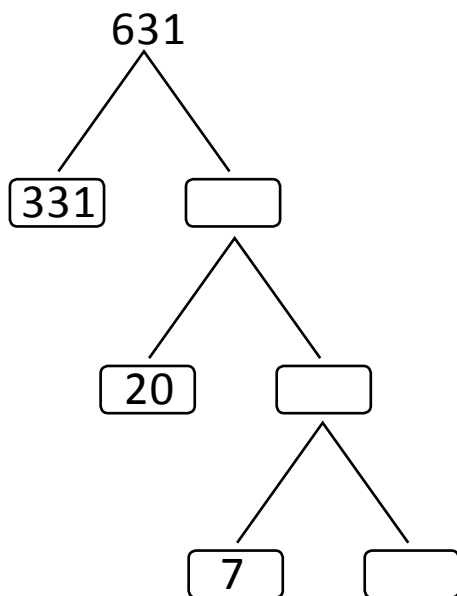

If $762 - 589 = 173$, then $173 + 589 = 762$

$$162 + 600 = 762$$

$$562 \xrightarrow{20} 582 \xrightarrow{7} 589$$

1) If $631 - \underline{\quad} = 273$, then $\underline{\quad} + 273 = 631$

$$331 \xrightarrow{20} 351 \xrightarrow{7} \underline{\quad}$$
