## ADDITION OR SUBTRACTION

Solve each problem with a written strategy such as a tape diagram, a number bond, the arrow way, the vertical method or chips on place value chart.

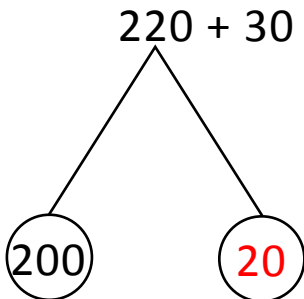

Example:

1)  $220 + 30 = \underline{250}$

Tape diagram:

220	+ 10	+ 10	+ 10	250
	230	240	250	

Number Bond:

$$30 + 20 = \underline{50}$$

$$200 + \underline{50} = \underline{250}$$

Arrow way:

$$220 \xrightarrow{+10} \underline{230} \xrightarrow{+10} 240 \xrightarrow{+10} \underline{250}$$
