## ADDITION OR SUBTRACTION

Solve the following problems using the vertical method your place value chart and number disks. Bundle a ten or hundred when necessary.

Number bond:

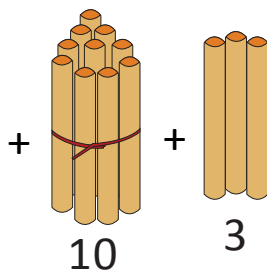

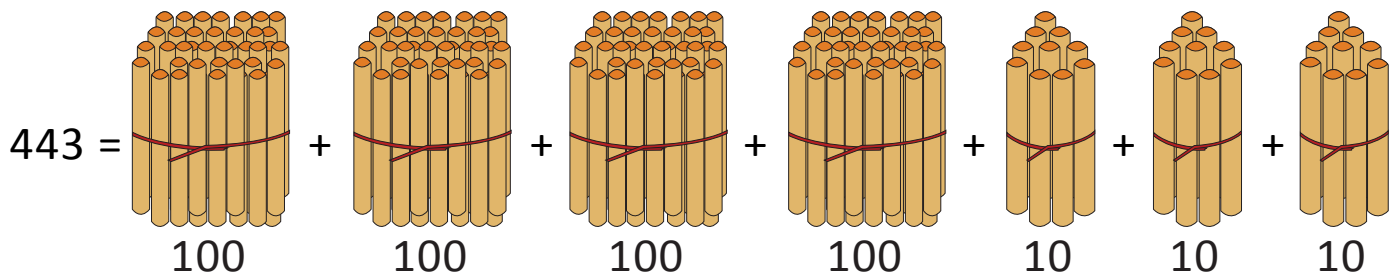

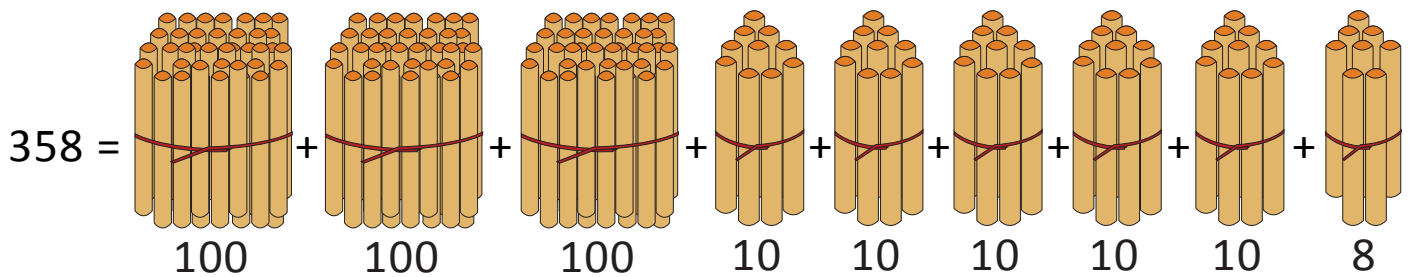

$$= 300 + 400 + 50 + 40 + 10 + 1$$

$$= 700 + 100 + 1$$

$$= \underline{\quad}$$

(OR)

Bundle 1 or 10 or 100:

10 ones = 1 ten.

10 tens = 1 hundred.

$$358 + 443 = \underline{\quad} \text{ hundreds} + \underline{\quad} \text{ tens} + \underline{\quad} \text{ ones.}$$

$$= \underline{\quad} \text{ hundreds} + \underline{\quad} \text{ tens} + \underline{\quad} \text{ one} = \underline{\quad} \text{ hundreds} + \underline{\quad} \text{ one} = \underline{\quad}.$$
