

NAME _____ DATE _____

MAKE A TEN TO ADD WITH IN 20

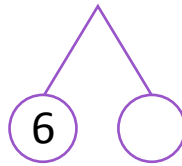

Problem solving questions in addition.

1. Autumn made some cookies. She ate 4 of them and had 16 left. How many did She make?

Autumn ate cookies = ___

Cookies left = ___

Cookies made = $4 + 16$

$$4 + 6 = \underline{\quad}$$

$$10 + 10 = \underline{\quad}$$

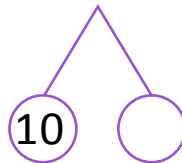

Autumn made ___ cookies.

2. Mrs. Parker read 12 books last year. So far this year she has read three books. How many books has she read altogether?

Mrs. Parker read ___ books last year.

Mrs. Parker read ___ books this year.

She read altogether = $12 + 3 = \underline{\quad}$

$$2 + 3 = \underline{\quad}$$

$$\underline{\quad} + 10 = \underline{\quad}$$
