## DOUBLE GROUPS

Relate doubles to even numbers and write a number sentence to express the sums.

Example:

1) Q) Draw to double the group you see and complete the sentence.

a)  There are 1 cloud in each group.

$$\underline{1} + \underline{1} = \underline{2}.$$

b)  There are \_\_\_ clouds in each group.

$$\underline{\quad} + \underline{\quad} = \underline{\quad}.$$

c)  There are \_\_\_ clouds in each group.

$$\underline{\quad} + \underline{\quad} = \underline{\quad}.$$

d)  There are \_\_\_ clouds in each group.

$$\underline{\quad} + \underline{\quad} = \underline{\quad}.$$

e)  There are \_\_\_ clouds in each group.

$$\underline{\quad} + \underline{\quad} = \underline{\quad}.$$
