ANIMAL WHEEL

Trace along the maze using different color and find the letters with the beginning sounds of the animals.

The 'Animal Wheel' is a circular maze divided into five segments. Each segment contains a letter: 'K' (top), 'L' (right), 'N' (bottom-left), 'M' (bottom-right), and 'O' (left). The maze is surrounded by five animal illustrations: an owl on a branch (top-left), a kangaroo with a joey (top), a ladybug (right), a bird on a branch (bottom-left), and a monkey (bottom). Colored dotted lines represent paths starting from the animals and leading to the letters: a blue path from the kangaroo to 'K', a purple path from the ladybug to 'L', an orange path from the bird to 'N', a green path from the monkey to 'M', and a pink path from the owl to 'O'. The maze is outlined in pink with black internal walls.
